**RE: Monthly Progress Report for March 2017 Activities
Boarhead Farms Superfund Site Operable Unit One (OU 1)
EPA Docket No. III-2000-002-DC**

Dear Mr. Sklaney:

This monthly progress report is being submitted on behalf of the Boarhead Farms Superfund Site OU-1 Group (the Group), which consists of Cytec Industries, Inc., Ford Motor Company, and SPS Technologies, Inc. (the Respondents), as well as other companies who have agreed to assist in funding this work and cooperating in all aspects with regard to implementation of OU-1. Further, this progress report has been prepared in accordance with Section IX (Reporting Requirements) of the Administrative Order on Consent (Order), USEPA Docket No. III-2000-002-DC.

I. Action Taken Toward Achieving Compliance with the AOC

A. Remedial Design/Remedial Action

- Submitted the February Monthly Progress Report to the USEPA on March 10, 2017.
- Continued with the maintenance of the GIS for the Site.
- Continued work associated with the extension of the groundwater collection system pursuant to the approved work plan.
- The annual VI sampling at two off-site residences was completed on February 27th and 28th.

B. O&M of the Groundwater Extraction and Treatment System

- Continued with routine O&M of the Groundwater Extraction and Treatment System as follows:
 - Weekly inspection of all treatment equipment.
 - Removal, cleaning and repair (as necessary) of pumps from sumps and extraction wells.
 - Monitoring/measuring groundwater recovery rates (relative) from the various sumps and extraction wells.

Christopher Sklaney, USEPA

April 10, 2017

C. O&M Residential Well Treatment Systems

- None.

II. Summary of All Results of Sampling, Tests, or Other Data

- None.

III. Deliverables Completed and Submitted to USEPA

- None.

IV. Work Anticipated to be Completed in Next 6 Weeks (April 1, 2017 through May 12, 2017)

- Remobilize to continue field work associated with southern plume groundwater collection extension.
- Conduct field work associated with April 2017 LTMP event.
- Provide a summary report to the Agencies describing conditions encountered during the installation and testing of newly installed bedrock wells.

V. Delays, Anticipated Delays and Corrective Action

- Field work associated with the southern trench extension will commence as soon as conditions in the field allow.

VI. Community Relations Plan Support

- None.

If you have any questions, please feel free to contact me.

Sincerely,

de maximis, inc.

R. Craig Coslett
